

GreenClean® PRO

Hard Surface Treatment

GreenClean® PRO is ideal for eradicating algae, moss, liverwort, and other organic deposits on hard surfaces. Use during production to improve workplace safety by minimizing slip and fall hazards on walkways and floors caused by algae and slime molds. Apply under benches, on weed mats, soil, and ground cloth to prevent conditions conducive to harboring pests.

ACTIVE INGREDIENT:

Sodium carbonate peroxyhydrate* 85.00%
OTHER INGREDIENTS..... 15.00%
TOTAL..... 100.00%

*Contains 27.60% hydrogen peroxide by weight.

USE SITES

Industrial/commercial facility walkways, greenhouse/nursery walkways, ground cloth, weed mats, floors, walls, on and under greenhouse benches, fan blades, watering systems, vats, tanks, coolers, storage rooms, bins, elevators, storage areas, spray equipment, conveyors, irrigation systems, trucks and related equipment

KEY FEATURES & BENEFITS

- 0-hour REI for granular applications, 1-hour REI for liquid and foam applications
- Helps reduce slip and fall hazards
- Prevents and controls growth that harbors pests
- No runoff concerns

APPLICATION RATES

Type	Heavy Algae Growth	Low Algae Growth
Granular	1–2 lbs./1,000 sq. ft.	0.5–1 lb./1,000 sq. ft.
	(1 lb. = 2 cups)	
	Make granular/tablets applications over a wet surface or activate with water immediately following application.	
Liquid	Solution Preparation: Use at least 1 gallon of water to fully dissolve each 0.5 pounds of GreenClean PRO. Treatment Rates: Use the same rates as the granular/tablets application given above. Spray solution on the desired treatment surface.	
Foam	Solution Preparation: Follow the liquid solution preparation instructions. Add 2.0–5.0 fl. oz. of an alkaline-based foam, such as BioSafe Systems BioFoamer, per gallon of finished solution. Treatment Rates: Use the same rates as the granular/liquid application.	

APPLICATION TIPS

- GreenClean PRO is water activated, apply on a wet surface
- Broadcast evenly over treatment area
- Allow granules to dissolve or rinse after an hour
- Rinse undiluted granules off desirable vegetation
