

Client TESTIMONIAL

Ellen was wonderful to work with. Ellen acted as our agent on the buy side and enabled our recent real estate purchase to go very smoothly. She was very responsive to our questions and needs and was an excellent communication conduit between us and the sellers. As an out-of-state buyer, and someone who has not purchased real estate in 35 years. I particularly liked that she provided us with a detailed explanation and disclosures around New Jersey Real Estate rules regarding the roles and responsibilities of the Agent in buyer and seller representation. We recommend Ellen highly and she's the first person we would call if we were to consider making an additional real estate purchase in the future.

Client TESTIMONIAL

She was extremely responsive and pleasant to deal with. She lives in the community and knows it well. She responded quickly and was willing to change the appointment time to fit my schedule.

Client TESTIMONIAL

As an out-of-towner I was so glad to find Ellen. With her immense experience in the area, she was a wealth of knowledge. She knows the other realtors (in this climate, that's a big plus) she knows the neighborhoods and she knows the market! I'm confident we may not have been able to obtain an offer on our house if we had a different realtor. During the process, Ellen was always extremely professional, quick to respond and meticulous.

If you want a professional local who knows all the ins and outs of Cape May, I can't recommend her enough!
