“ Teri represented us when we bought our home and again when we needed to sell a year later. She is extremely knowledgeable about the area and sold our home at a price other real estate agents thought was impossible. We highly recommend her services to anyone who wants to work with a genuinely good and honest agent.
Teri rocks!!!

Dear Teri,

I can't begin to thank you for everything you have done to get me through this move that is so monumental to me and probably very unremarkable to anyone else. Buying and selling a house with you was just the beginning. You have guided me through every step of the way, from contractors to cleaning crews to navigating the very treacherous waters of widowhood.

What a stroke of fabulous luck it was for me to wander into your open house and find not just the best realtor on the planet, but a friend. I truly could not have gotten through this with you. I hope you'll stay in my life. Maybe someday I can do something to help you, but I'll never be able to match what you've done for me. Thank you.

Love,
Sandy B.

“ The Best! Teri recently listed and sold my father's home that I had inherited. I live in another state and needed a realtor that I could rely on. Teri more than met my expectations. From the listing to the closing, Teri was someone I could rely on. She even made the paperwork easy. Just about all documents were able to be signed electronically. In short, trust Teri.. you'll be glad you did.

We had a week to find a house, and Teri lined up several prime properties to view. She knew the area well, and we bought the perfect house in the nicest neighborhood. We have the shortest commute we ever had. Teri is caring, professional, efficient, generous, and kind.

She looked out for our interests more like a close friend than an agent. We are pleased to have met her and to have had such a warm introduction to our new State

Purchasing your first home is an exciting, yet SCARY, endeavor. Thankfully, we had Teri! Our closing in August of 2011 was a little more complicated than a normal purchase. Our home was listed as a "Short Sale work", and we were taking out a VA loan to mortgage the property. Teri fought tooth and nail, battling the banks, realtors, mortgage brokers, attorneys, and Veteran Affairs, to ensure that all previously noted stipulations were met, and in HALF the time. We could not have been happier. Teri is emotionally invested in her work, and she would not allow us to settle on any aspect of negotiations. A review is not enough to detail how helpful and dedicated she is.

We highly recommend Teri and wouldn't purchase another property without her.

“ Teri represented me in the sale of my house in Beachwood in early 2018. I was eager to sell even though I listed my house during the worst month of the year to sell a home (week after Christmas). Teri had multiple potential buyers at my house every day and offered their impressions and feedback after every showing. My house sold within six days on the market! She gave me excellent guidance with regard to what improvements to make prior to listing the house, staging the house, photographing the house, and at what price to list it. I followed every recommendation that she made and was delighted to see my house sold at a good price within six days. She was impeccably well-versed on the selling prices of comparable houses in the area. She patiently answered every question I had and picked up the phone at every hour of the day and night to walk me through the sale. She made the process easy for me by requiring very few in-person visits and handling nearly every transaction electronically. She guided me through every facet of the sale process including inspection, negotiations and mortgage issues. I enthusiastically recommend her to buyers and sellers. She treated my sale with excellent judgment, integrity and dedication. ”

Dear Prospective Client: It is our immense pleasure to recommend Teri Idarola-Harley as a real estate agent for the sale of your home or to find the ideal home. Teri managed to sell our house, especially in the current market situation. She knows South Jersey like the back of her hand. There is nothing that escapes Teri's attention when it comes to property for sale in this area. We found Teri to be a highly attentive agent, she returned all phone calls and emails the same day. We never felt neglected or unimportant. She is also highly personable with an engaging personality. Teri is honest again, highly talented technologically. We are pleased to recommend Teri Idarola-Harley to anyone looking to buy or sell a home. She is hands down the best in the business in our opinion and if we ever need to move again, she will be our first choice in real estate agents. Regards,

Gina & Tony O.
