MERCURY
Product Protection

GET THE MOST OUT OF YOUR ENGINE!

MINIMIZE REPAIR EXPENSES WITH MERCURY PRODUCT PROTECTION.

Mercury Product Protection is a factory-backed extended service contract for your Mercury engine that covers certain expenses caused by defects in materials and workmanship after the Mercury Limited Warranty expires.

UP TO 8 YEARS OF COVERAGE FOR YOUR ENGINE
*Applies to Mercury outboards for recreational use only.

WHAT DO I GET WITH MERCURY PRODUCT PROTECTION?

FACTORY-BACKED
MPP is a factory-backed, non third-party extended service plan with no claims adjustors. Your dealer will process claims the same way as a warranty claim.

UP TO 8 YEARS OF COVERAGE
Provides up to 8 years of total coverage for your engine. (Mercury Limited Warranty + Product Protection)

INCREASED RESALE VALUE
MPP contracts are transferable to future owners, which can increase the resale value of the engine.

PEACE OF MIND
Easy, cost-effective solution for unexpected repairs.

GENUINE PARTS
Mercury Authorized Dealers use only genuine Mercury Precision Parts and Quicksilver parts and accessories.

NON-DECLINING COVERAGE
The value of MPP coverage does not decrease over the life of the contract.

PURCHASE NOW, PAY LESS

Mercury Product Protection must be purchased before your engine's Mercury Limited Warranty expires. Once purchased, Mercury Product Protection coverage takes effect the day the Mercury Limited Warranty expires.

Buying Mercury Product Protection within the first 12 months of purchasing your engine ensures you pay less than purchasing Mercury Product Protection later.

TWO LEVELS OF COVERAGE (see reverse side for details)

- Gold Level coverage protects against Mechanical failures.
- Platinum Level coverage protects against Mechanical and Electrical failures
