To the Esteemed Recipients,

We received excellent facilitation from Colonel Premvas in conducting the Management Development Program (MDP) for our young managers. The program was thoughtfully designed to focus on developing key skills in client management, team management, and self-management.

The sessions were dynamic and interactive, incorporating real-life scenarios that made the learning experience practical and engaging. Participants have expressed great appreciation for the valuable insights and the relevance of the program to their professional development.

We are grateful to Colonel Premvas for his exceptional effort and dedication in delivering such an impactful and well-executed program. His contribution has truly played a significant role in shaping the potential of our future leaders.
